Alaska Chadux̂ Network
Attn: Buddy Custard
2347 Azurite Court
Anchorage, AK 99507

Dear Mr. Custard:

The Coast Guard has reviewed Alaska Chadux̂ Network's (ACN) proposed updates to its *Alternative Planning Criteria for Tank Vessels (ACN-TV-APC-2024)* received by the Coast Guard in September 2024 for the Western Alaska & U.S. Arctic Captain of the Port (COTP) zone. Pursuant to ACN's acceptance of the conditions stipulated in my letter dated September 22, 2025, and 33 CFR §155.5065, the Coast Guard accepts this update.

This updated APC, along with a copy of the approval letter, must be kept with your respective client's Vessel Response Plan. This letter of approval supersedes the requirement to retain any previous approval letters with the APC that were issued prior to the date of this letter. Your clients must maintain compliance with all other laws and regulations, including maintaining valid contracts and other approved means in support of the resources provided in the APC. As outlined in the APC, any deviation from the routing measures by your clients must be communicated in writing to the COTP. If it is determined that complying with the vessel's required National Planning Criteria is achievable in areas where this APC is accepted, use of this APC for VRP approval may be denied.

This accepted APC does not have an expiration date; however, this APC is still subject to annual review requirements. Questions concerning this letter should be directed to Commander Matt Richards, of my staff, at matt.richards@uscg.mil.

Sincerely,

K R Trego

Dear Mr. Custard:

The Coast Guard has reviewed the Alaska Chadux̂ Network's (ACN) proposed updates to its *Alternative Planning Criteria for Tank Vessels (ACN-TV-APC-2024)* received by the Coast Guard in September 2024 for the Prince William Sound Captain of the Port (COTP) zone. Pursuant to ACN's acceptance of the conditions stipulated in my letter dated September 22, 2025 and 33 CFR §155.5065, the Coast Guard accepts this update.

This updated APC, along with a copy of the approval letter, must be kept with your respective client's VRP. This letter of approval supersedes the requirement to retain any previous approval letters with the APC that were issued prior to the date of this letter. Your clients must maintain compliance with all other laws and regulations, including maintaining valid contracts and other approved means in support of the resources provided in the APC. As outlined in the APC, any deviation from the routing measures by your clients must be communicated in writing to the COTP. If it is determined that complying with the vessel's required National Planning Criteria is achievable in areas where this APC is accepted, use of this APC for VRP approval may be denied.

This accepted APC does not have an expiration date; however, this APC is still subject to annual review requirements. Questions concerning this letter should be directed to Commander Matt Richards, of my staff, at matt.richards@uscg.mil.
